Class Will

We, the members of the Senior Class of 1954, of Armstrong High School, County of Vermilion, State of Illinois, being of sound mind and body, do hereby declare this to be our last will and testament.

- To Mr. Walrich, we leave a longer noon hour so he can give longer speeches.
To Betty Kinney we leave a box of aspirin for relief of all the headaches we caused her.
To Mr. Coffey we leave a new book entitled "How to Raise Your Daughter", since he is father of so many F.H.A. girls.
To Mr. Pemberton we leave a pair of roller skates so he won't wear out his shoes on the concrete floors.
To Mrs. Stephens we leave a new waste basket for gum.
To Mr. Reber we leave a fire-engine red suit so he'll be the flashiest coach around.
To Mr. Birch we leave an F.F.A. who will always have perfect attendance at the meetings.
To Mr. Heck we leave automatic faucets for the laboratory so that the sinks won't run over again.
To Miss Stark we leave a much quieter assembly. No more worries now.
To Miss Brodeak we leave a new whistle that takes only a little effort to blow when refereeing basketball games.
To Miss Kietzman we leave an answer book for the English IV Rhetoric Class.
To Mrs. Wengel we leave a new assignment book so she won't have to make her assignments in the Study Hall.
To Mrs. McCall we leave a Yankee accent and a great big vote of thanks for helping us so much as class sponsor.
To the Underclassmen we leave new seats in the office for the ones we wore out.
To the School Board we leave a less destructive senior class so they won't have to buy so many new things.
To the Bus Drivers we leave air horns for the buses so everyone can hear you coming.
To the Janitors we leave an automatic foot scraper so they won't have so much dirt to sweep up.
I, Shirley Greer will my big blue eyes to Frankie Gordon. Don't roll them at the girls too much.
I, Mary Louise Cole will my flirty ways and just a bit of a temper to Charlene Wilken.
I, Janet Atkins will my ability to throw snow balls in American History to David Jarvis.
I, Shirley Turner will my little black address book to Ann Brown.
I, Francine Davis will my ability to say the wrong things at the right time to Marilyn Jarvis.
I, Carole Thomas will my ability to slip out of class to Bill Warren.
I, Norma Fisher will all my nicknames to my kid sister Martha Rose.
I, Faye Fritz will my interest in the Air Force to Loretta Murrell. That means a letter every day, Laurie!
I, Margaret Howell will my crown to next years Homecoming Queen (and also a rubber band to hold it on).
I, Dick Madigan will my interest in pretty blondes in the sophomore class to Rich Murrell.
I, Clark Ervin will my stubbornness to Doris Greer. Watch it, it might get you in trouble sometime.
I, Bill Brown will my Chevy to Buddy Bussard. It'll sure get around even if it won't work in reverse.
I, Irine Schlueter will my ability to write and make speeches to Joanne Loschen. Don't let it get you into trouble.
I, Gene Whitt will my privilege to sit in the English room window to Ted Hinners. Hope you don't get caught.
I, Ernie Rademacher will my ability to speak German to Dick Buck. Now you can insult people and they will never know it.
I, Bob Early will my height to Davey Jarvis. You'll need it when you take my place as center next year.
I, Ronnie Holt will to Whitey Hopkins, my ability to be forward or to guard (on the basketball court, that is)
I, Emmett Fleming will my ability to get straight A's to "Cob" Olson. Don't forget you have it.
I, Bob Moore will my ability to be sent to the office to Carol Saathoff.
I, Floyd Bohlen will my seat in the assembly, which is bolted down, to any Junior who might want to turn his seat around next year.
I, Julian Gitzen will my ability to talk my way out of any situation to Willie Webb. It even comes in handy on dates!
I, Rich Miles will my late hours at night to Ted Walrich. You may have to slip in the back way.
I, Everett Kirby will my dislike for Potomac boys to Suz Cain. I know you'll get along with them better than I do.
I, Bob Clapp will my smile and ability to get into mischief to Christine Boggess. You should have quite a time!!
I, Pat Clementz will my Penfield telephone fund to anyone with interests there. I'm having a private line installed.
I, Emma Wilken will my red hair to Evelyn Blue. Just watch the temper and you'll be all right.
I, Pat Burnett will my ever-ready wise crack to anyone who wants it.
I, Marie Cundiff will my shyness to Gwen Eakle.
I, Dixie Cler will my love for college boys to Roberta Ault. You can't have Jim, but there are lots more in Champaign.
I, Ann Ludwig will nothing, I want to take it all with me!!

Class Prophecy

Greetings! You remember me--that fellow you used to know back in Armstrong. They call me the Spirit of '54. I've come to take you with me on a visit to some of your old classmates. Right now I'm perched on a chandelier in *Dick Madigan's* luxurious boudoir. I know you read in the headlines the other day about the scientist who became famous overnight for inventing a pill that was a sure cure for teachers who have headaches from their trials with mischievous teen-agers. It was Dick, see him there on the chaise lounge? Watching T.V.? And look, there on the screen--why its *Francine Davis*, playing a duet with Leberace. She's certainly made a name for herself in the entertainment world. Now, let's hop across the penthouses to visit in the offices of the famous psychiatrist, Dr. *Julian Gitzen*, B.S., M.S., M.D., Ph.D. I hear he's been treating *Mary Louise Cole* for the past few months. It seems she insisted on playing saxophone solos to her herd of Milking Shorthorns, thought they would give more milk. Poor girl, I think it all started when she was editor of the year-book in her senior year at A.T.H.S.

Lets catch this rocket that's just leaving for the new Air Force Base in Georgia...Here at last! I want to watch some of the test flights of the famous female aviator, *Faye Fritz*. At our last meeting she told me she had become so interested in the Air Force she decided to make a career of it (and keep an eye on a certain cadet).

From here we'll go on down to Buenos Aires to visit the former *Dixie Cler*. She has a huge hacienda here. Her multi-millionaire husband is kept busy painting atomic bombs red while she raises little half-"Whitts". Now let's fly to Paris, France where we'll see *Norma Fisher* who has fulfilled her secret ambition in ballet. She's being featured next week as prima ballerina in Tchaikowsky's "Swan Lake." In another section of Paris, we'll find *Pat Burnett* doing the job she's always dreamed about--leading tourists through the quaint city. If we go into the fashionable district, we will see shops of the leading designers. Did you know that *Ann Ludwig Schiaparelli* is at the top of the list now. Her newest collection includes a hat with an accordin pleated band that enlarges to sufficient proportions to drape the wearer in a tunic effect of ancient Grecian style. She, unusual to other designers of the day, models her own creations. She has other models too, of course, namely *Carole "Monroe" Thomas* and *Shirley "Grable" Greer*. Incidentally, the French men's fashions have been invaded by the Scottish kilt. The pace was set by two American men *Floyd Bohlen* and *Richard Miles*. Their taste in clothes is impeccable and of course they have them custom made by none other than the most famous tailor *Robert Clapp*.

While we're on this side of the world shall we hop down to Africa. In the deep dark Belgian Congo, we might visit with *Irine Schlueter*. She's doing her best to get rid of Cannibalism--I hope she's not in someone's fire cooking for supper.

Say, let's go to Stockholm, Sweden in time to see *Bob Early* get the Nobel Prize for his latest book, HOW TO MAKE LOVE WITH GLASSES ON. Then we will return to the U.S.A. in the new, all new, atomic powered airplane. Yes, the navigator is its famed inventor *Ernie Rademacher*. More power to you, Ernie. Back in the States, let's visit the latest thing in skating rinks--foam rubber floors that don't hurt when you fall down, owned and operated by *Everett Kirby*. In his spare time he's coaching a girls' roller derby team. They are in competition for the championship with Holt's Hollerin' Hepcats. Ronald is not only coach but also father to his team. He wanted a football team but had eight girls and gave up having enough boys for the gridiron.

Would you like to drop down to Nashville Tennessee for the Grand Ole Oprey where *Shirley Turner* and *Marie Cundiff* are guest stars this Saturday. They got bored with Armstrong in '55 and found a career in Radio and T.V. Speaking of radio, do you know who took *Louella Parsons* place when she retired? None other than *Pat Clementz*. She really keeps us clued on the latest Hollywood gossip. Also, did you know about Author *Godfry Flemming*? *Emmet's* red hair was a real hit when color T.V. was perfected. Last week on his show he interviewed *Margaret Howell* for "Mother of the Year". With a family of ten, a successful farm and many community activities, wouldn't you say she deserved it?

Did You know *Bill Brown* has taken over *Bill Stern's* Sportscastr? His latest report tells us of the Chicago Purple Sox edging out over the St. Louis Golds for the pennant in the 1970 World Series. Their manager, *Janet Atkins*, threw a smash party at the Waldorf Astoria, celebrating the switch-hitting outfielder *Bob Moore*. He made the run that won the pretty flag. We wonder if the Triple A manager, *Emma Wilken* of the St. Louis Club was invited. Guess she regrets the big price she paid for *Gene Whitt* who walked out in the third inning when batter *Clark Ervin* slung the bat and if landed on his big toe. Well, you can't win every time!

F.F.A.

The F.F.A. membership this year reached a total of thirty-five. From this number they were honored to have Ronald Holt elected State Vice President in charge of Section 18. This title gave occasion to have the Leadership Training School at Armstrong this year. The section officers attended as well as the State F.F.A. President, Gary Mueller, making a very enlightening and entertaining program.

Greenhand initiation followed and was given with the F.H.A. on an exciting hayride. Later the formal initiation was held--attended by parents and members alike. President Richard Miles bestowed greenhand degrees to freshmen members. The program was concluded with a delicious pot luck supper.

December 2, marked the date for the International Livestock Exposition at Chicago. A school bus took a large number of the F.F.A. and F.H.A. In spite of rain, mud, and a very crowded bus, everyone got an educational value and had a lot of fun.

The spring always sees a wonderful Parent-Son banquet as a part of the Program of Work. This Program underlies the endeavor for supervised and independent work for the chapter. The schedule includes cooperative activities, often given with the F.H.A.; various supervised practices; some community services and scholarship aspirations. It also improves leadership ability through activities, sets standards for conduct at meetings and provides a program for earnings and savings.

F.H.A.

The F.H.A. this year increased its membership by 17 making a total of 50 members. The first important event of the year was the informal initiation given jointly with the F.F.A. The occasion was a hayride during which the incoming freshmen were initiated in a program of mild hazing and funmaking.

The girls held their annual Mother-Daughter banquet in November. The program consisted of a skit by the chapter members and very interesting speeches by foreign students. Next on the program of entertainment was a formal dance. Elaborate decorations carried out the theme of the Snow Flake Swirl, held on January 28.

These events were followed by the formal initiation on February 3. Norma Lee Fisher, President, conferred 13 Junior degrees recognizing successful completion of the first chapter test. Fifteen Chapter degrees were also conferred at this time honoring those girls proficient in state and national regulations and procedures.

February 25 was circled on the calendar for the pancake supper sponsored by the chapter for the public. Delicious pancakes and sausage preceded an evening of dancing and cards. Other programs carried out through the year include a skating party, style show, school art exhibit, radio program, spring trip and a Sadie Hawkins Dance.

The Girls Athletic Association was dissolved early in the year because it did not have a sufficiently large membership to carry out the traditional functions and sports. The organization voted to divide it's funds for the cheerleader's new uniforms, a large mirror for the girl's locker room and a farewell supper for the final members.

STUDENT COUNCIL

The Student Council started the year by giving a party for the green and innocent freshmen. The next big thing was Homecoming, during the Thanksgiving holidays. The Alumni and Student Council worked together to make the event a success. The Student Council sponsored three assembly programs during the year, among them a Scotch couple and an acrobatic team. In November five members attended the District Convention in Hoopeston where Ann Ludwig was chairman of the nominations committee and Lois Halcomb was elected District Secretary! In April the attention of the Council members was turned to the State Convention. The Student Council finished the year by sponsoring a school carnival and the school picnic.

The "Royal Purple", our school newspaper comes out once a month. Its staff is composed of volunteer workers with the exception of the co-editors, the circulation manager and the art editor who are elected by the student body. The reporters are elected by their respective organizations. their monthly articles keep the school informed as to each clubs activities. Other articles were submitted this year by students not on the regular staff, adding a more professional touch as well as more variety to the regular publication. The paper enjoys a reflexive program with surrounding schools of exchanging issues each month, thus enabling the neighboring communities to have a knowledge of each other's achievements and activities.

DOROTHY JACKSON

The 48 members of the Armstrong Band, conducted by Mrs. Evelyn Stephens, began in the fall of '53 for a full school year of performances. First they entered the Sweet Corn Festival. Then basketball season came along and they were ready to march and make appearances during the halftime at games.

In March, the band as a whole and many individuals and groups participated in contest bringing home many honors for themselves and the school.
